Manufacturing Facilities

- full cycle of production within one plant.
- the area of the production complex is more than 21,000 m2.
- the most modern machines: Bystronic Bysprint Fiber 3015, Bystronic Xpert 150/3100, Prima Power pg1225, Prima PowerF fbe5-3 and others.
- production processes are set up so that we can produce both: serial products and carry out customized orders according to the individual requirements of the client.

Our Philosophy

“LET’S MAKE LIFE SAFER” – is our mission statement and it is the mindset that encapsulates the beliefs of the entire TiSO team and sums up in four simple words the secret of our success.

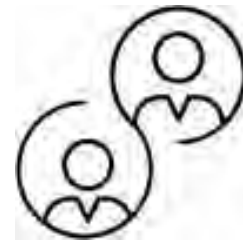

sales@tiso.global | www.tiso.global

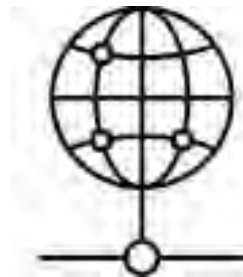

Personalisation.

Despite our busy manufacturing program, we always treat each customer as an individual, and we will always go the extra mile to create a product that fully satisfies their needs and aspirations.

Team.

Each person in the TiSO team makes an invaluable contribution to production and distribution of our products. The impressive team at TiSO is not limited to our full-time employees. All of our partners, customers and end users are equally important and vital to TiSO, so “Let’s Make Life Safer” together.

Flexibility and agility.

Willingness to create a product that fully complies with our customers requirements is a fundamental part of our company’s mindset.

Research and innovation.

Despite our busy manufacturing program, we always treat each customer as an individual, and we will always go the extra mile to create a product that fully satisfies their needs and aspirations.

Eco-responsible.

During production, all the requirements of our Environmental Policy are at the forefront of the processes adopted by our company.

Products and Services

Turnstiles

- Tripod Turnstiles
- Swing Gates
- Half Height Turnstiles
- Speed Gates
- Full Height Turnstiles
- Manual Revolving Doors
- Additional Equipment
- Access Control Systems

Road blockers

- Traffic bollards
- High security bollards
- Cyclope Series
- Speedbump Series
- Road blockers

Fire doors and gates

- Fire resistant doors
- Apartment doors
- Fire resistant gates
- Multifunctional gates

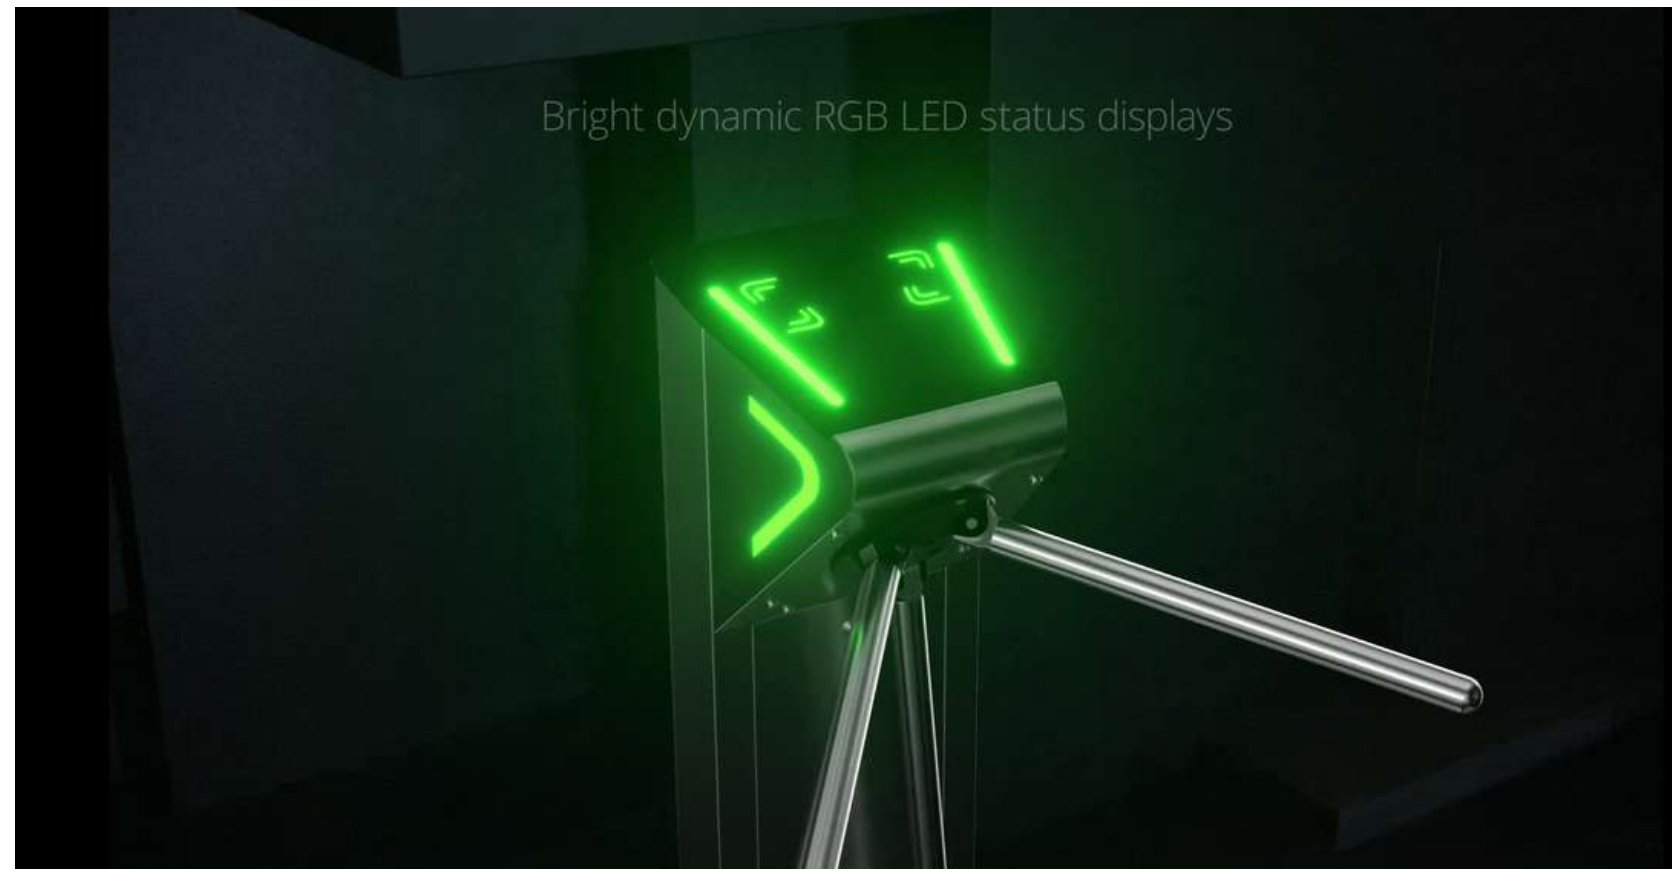

Metalworking

- Metal bending
- Metal cutting
- Metal powder coating

Onyx Series

Ergonomic design with stylish body lines is the defining feature of this turnstile. The inclined scratch resistant glass top gives this turnstile a futuristic look making it a stylish architectural element to compliment any modern interior.

Advantages of Onyx Series:

- Top lid is fully covered with safety scratch resistant glass 8mm thick
- Two side bright dynamic
- RGB LED front status displays
- Fully automatic two side servo-driven mechanism, with strong locking system
- Ergonomic design with smooth lines
- Strong tripod hub with stainless steel pods and fully automatic drop-arm function
- Floor cover that hides the fixing anchors
